Fora-Reading

Thames Tower, Station Road, Reading, RG1 1LX

Located immediately next to Reading station, across the pedestrianised piazza, Fora is the premier workspace address in Reading.

Set over four storeys within the larger Thames Tower building, Fora - Reading features premium amenities throughout.

With a ground-floor business lounge and meeting suite, inspiring breakout spaces and a shared top-floor cub room, the space is designed with your ultimate productivity in mind.

RESIDENTS BENEFITS

To take advantage of these Resident Benefits, you'll need to be a resident of the building. Contact your Resident Services team for more information. These benefits are available to all residents who have signed up to the Resident Services program. For more information, visit [residentbenefits.com](#) or call 020 7460 1234.

#onwardstogether: Our dedication to creating healthy, productive workspaces

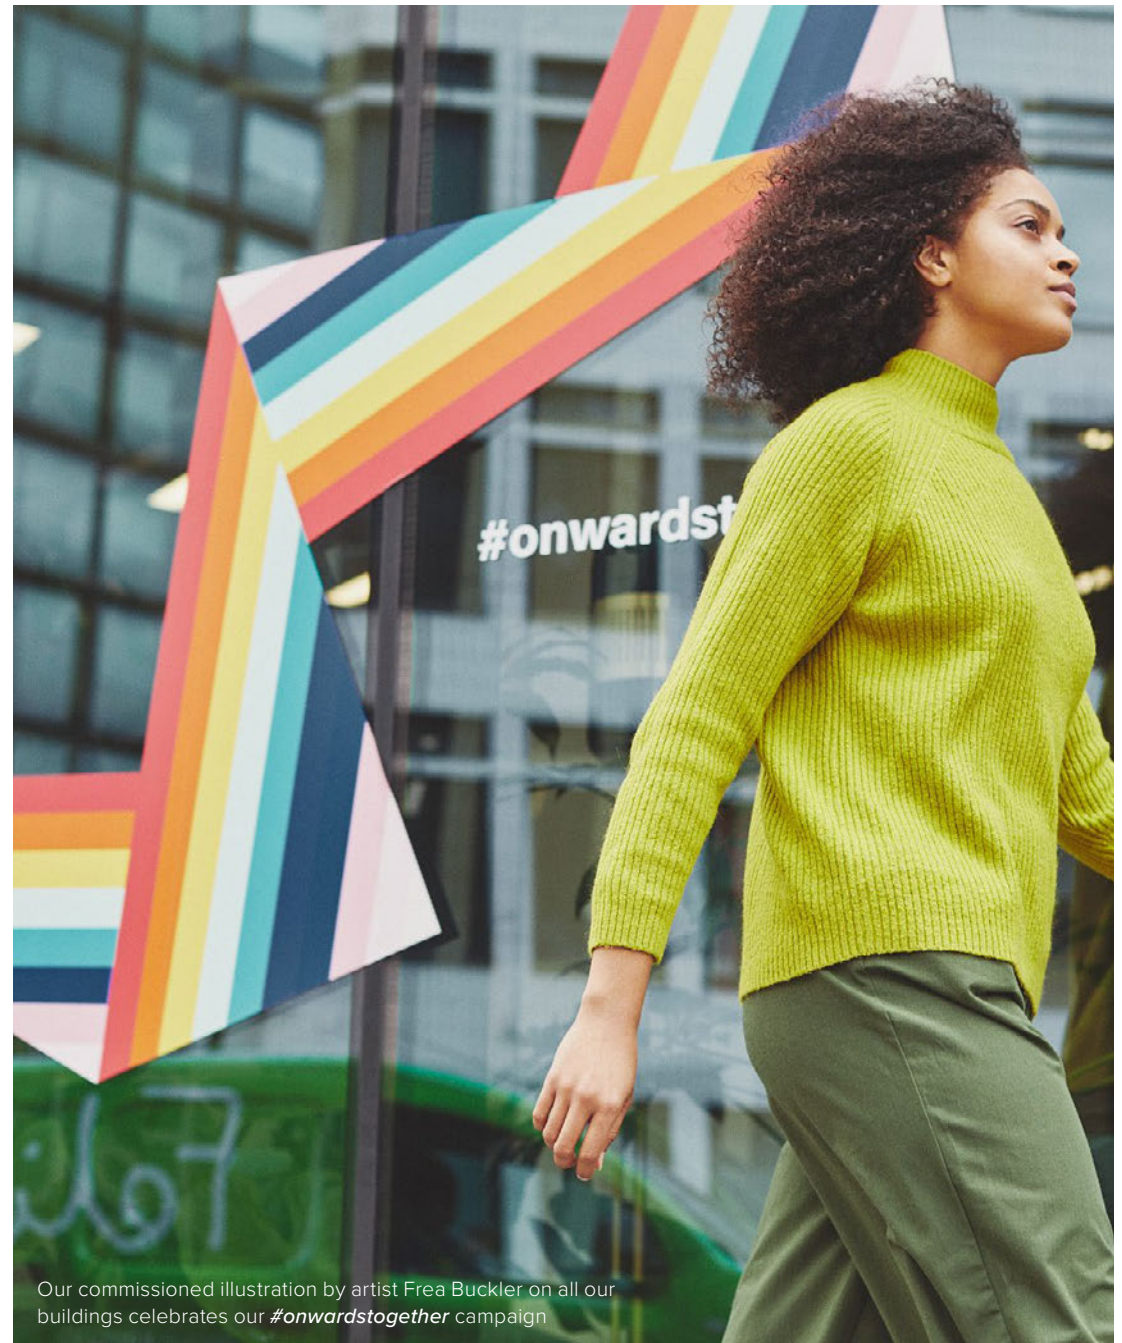

Fora is the workspace where Residents and their businesses achieve amazing things. The outbreak of COVID-19 has not changed that. Our mission to help our Residents flourish, creatively and commercially, is truer than ever.

To continue to enhance our environment of innovation, social interaction and wellbeing, we have created the New Standard, a comprehensive set of safety measures and protocols. The New Standard explains how we have adapted our

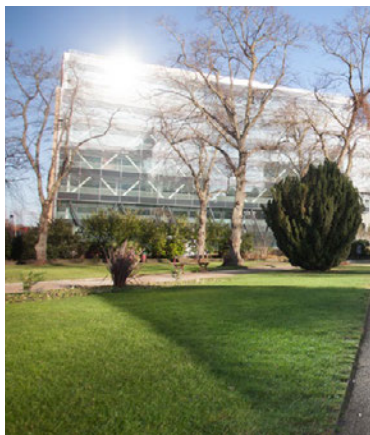

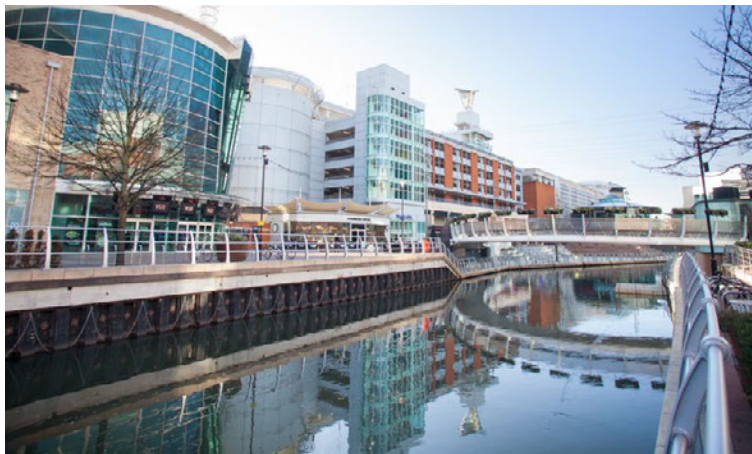

workspaces to not only follow government guidance, but to also achieve the highest level of clinical quality, as instructed by our medical advisors: Cleveland Clinic London and Dr. Gozzelino MD, DTM&H.

In addition, we have launched the New Standard Assist. This support service provides Residents with a tailored suite of resources that cover all aspects of workplace safety and wellbeing, physical and mental.

Fora IT Services

Here at Fora, we create the most productive and seamless working environments, enabling our Residents to always deliver their best. One way in which we achieve this is through investing in the latest premium technology and systems in our buildings.

We have a dedicated in-house technology team who build, service and support all of our IT and AV systems.

As well as our standard offering, we're always happy to discuss any bespoke solutions that may be more suitable for your business. We have previously facilitated bespoke IT infrastructure for a wide variety of Resident businesses.

As standard: Superior internet connectivity

- Super-fast fibre connectivity with high speed **10Gbps (download/upload) on our primary** internet connection.
- Resilient backup internet ensures a complete diverse connection with **1Gbps (download/upload)** on our secondary internet connection.
- Dedicated wireless bandwidth of **25Mbps (download/upload) per device** on the shared network.
- **Wired ethernet cable at each desk** with unlimited bandwidth per device connected to the shared network.
- Best-of-breed **shared wireless network** designed to optimise in high density environments and under intense interference conditions.
- Industry leading **AI security firewall** that safeguards and enhances the shared network's infrastructure.

As standard: State-of-the-art digital technology

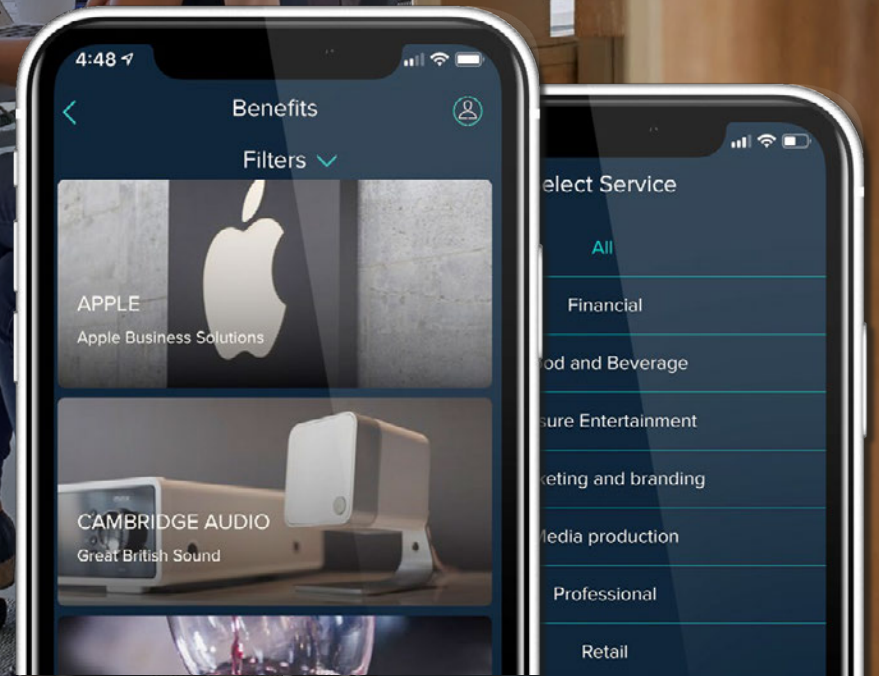

- The **Fora App** keeps you connected to the Fora network and helps you make the most of our space. Features include meeting room booking technology, a handy chat function, access to our curated event and wellness programmes, Residents Benefits platform and more.
- **Secure access card** technology gives you personalised access the Fora network and our printing facilities.
- **Unlimited black and white printing**, scanning and photocopying, with colour printing available at an additional charge.
- Technology-enabled **meeting rooms with state-of-the-art AV** and in-room control iPads.
- **Sound masking technology** systems produce ambient background noise at the same frequency as human speech to reduce noise distractions and ensure optimal privacy and productivity.

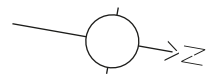

Fora Resident Benefits

Our focus is on creating a space where our Residents can thrive. To this end, we have created Fora Resident Benefits, where Residents can enjoy discounts on a range of services, from partner organisations selected and vetted by Fora.

The partner network includes companies offering services across many areas, including Professional Services, Financial Services, IT, Media, Marketing, Lifestyle, Travel and more.

We are excited to promote Fora Resident Benefits, which we hope will save our Residents' money through discounts on services. We also believe that the partner network will save our Residents' time and attention by finding trustworthy, reliable suppliers, leaving them free to focus on their business.
